

OCRA & the Carroll County Chamber of Commerce Invite You to Attend: Countywide Community Assessment

The Hoosier Heartland Indiana Small Business Development Center, OCRA, and the Carroll County Chamber of Commerce, launch the **Community Entrepreneurship Initiative** - a chance for community leaders and entrepreneurs to join together to develop their entrepreneurial community. This initiative will provide consulting services to community economic development leaders, elected officials, small business owners, and citizens interested in developing their entrepreneurial community.

At this working session, you and other community leaders will discuss:

- What are the current strengths and weaknesses of our local economy?
- How is the county positioned for small business?
- How can we cultivate a more welcoming environment for small business and entrepreneurs?
- What is needed that we do not currently have to foster the environment?
- What are some concrete steps we can take to improve?

Session is sponsored by the Office of Community and Rural Affairs and the Carroll County Chamber of Commerce. Session is facilitated by the Hoosier Heartland Indiana Small Business Development Center.
